

MINI

RACING AND FLAME

When the chips are down and it's you or the rest around Piccadilly Circus.

You'd better be in the Mini.

The Mini Racing. Anything but green in tight corners. And the Mini Flame. Hot stuff at a cool price.

Park yourself in the driving seat. You'll like what you see. Three-spoke steering wheel. Tachometer. Stylish cloth seats with a sporty accent.

You'll like what you hear — a 3-band stereo radio/cassette player with twin speakers.

Mini. Get away with it.
